

Bios for 2011 BLE Annual Meeting Elections

(Listed alphabetically: Tammy Gordon, Dale Halverstadt, Marge Hickman)

Tammy Gordon

My name is Tammy Gordon. My husband John, and I, live at 101 Chucker Road with our two daughters, Hayley and Teagan. We recently finished our house in March 2011 and live part time in Beaver Lakes Estates. It is my strong belief that my extensive business experience will allow me to be a solid asset to the BLE Board as a member.

I have over 20 years in Accounting, Finance and ERP Software implementations. I started my career in merger and acquisitions for a large east coast bank and went on to manage large ERP upgrades and full cycle implementations across multiple ERP systems. I have a background in a variety of industries including, communications, energy, hi-tech and medical health services. In addition, I helped build the Arthur Andersen Denver outsourcing division as a Senior Manager and have held several CIO positions.

I enjoy the Leadville and Lake County area. We spend a significant portion of our time in the area supporting the community and local events. I will be participating 2011 Fish Hatchery 5K on June 5th.

I am committed to partnering with the BLE Board members, and BLE community, to deliver exceptional results for BLE offering strong customer service, value and success. I hold a BS from Salem College in Winston, Salem and an MBA from the University of Colorado, at Denver.

Dale Halverstadt

My wife, Sandi, and I have been full time residents of BLE for 23 years. I served on the board, off and on, for approximately 8 years. I am a retired prison Chaplain and will put full time effort into being a responsible, transparent member of the Board. If elected, I would actively work on updating and simplifying the Governing Documents so that they realistically serve our members and our simpler mountain way of life. As a Board Member I would continue to listen to members who have issues they want resolved and would quickly act upon them as I have strived to do in the past. I would also like to foster greater community cohesiveness by encouraging Board transparency, and by involving the membership when attempting to solve controversial issues that affect our way of living in BLE. I would actively work toward getting our cabins up to par by utilizing membership involvement, and will encourage social interactions through special events that will help foster a greater sense of community. I would also strive to use the association finances in a common sense, responsible manner with the goal of keeping increases of dues to a minimum. I would appreciate your vote for me as a candidate who would get things done in a proactive manner.

Marge Hickman

My name is Marge Hickman, and my husband Mike and I live on Rock Circle in the upper filing. I am a full-time resident and work part-time. We have lived in Beaver Lakes Estates since March, 2004. I believe my professional career of secretarial, administrative, office managerial, legal assistant/paralegal experience would be helpful and an asset to being a BLE Board member. I have previously served as a board member on a homeowners association where we formerly lived in Larimer County. I am currently the Secretary of the Mineral Belt Trail Board and have been for four years. I love living here, want the best for our community, and I am willing to give my time and energy to serve on the BLE Board.

I do, however, need to advise and request the Board's permission, per the governing documents, to be absent from the August 13th, Annual Meeting due to my participation in the Leadville Trail 100 Mile Mountain Bike race on that same date.
