

Hi, My Name is Steve Wamhoff-Gallegos. I am the eldest of three Children. I was born in New Mexico and grew up in a military family. At the age of 17 I joined the Army National Guard. After graduation I then decided to active duty in the Army. From 1997-2004 I was in the Army. In 2004 I was injured while on a training mission and was ejected out of a military vehicle which caused me to be inflicted with a spinal injury. Once I was medically discharged from the military I stayed in Colorado Springs and started working for a company called Lincare which is a respiratory company as a customer service rep. Over the span of five years I moved up in the ranks and eventually became the Regional Trainer Coordinator. In 2010 the company sold and my job disappeared overnight. I do believe that this was a sign at the time to go back to college and obtain my MBA in Criminology. So after several years I obtain my MBA and started working for the US government. In 2020 I met my spouse and got married. We started taking trips to Leadville Colorado going snowmobiling, and utilizing the tour guide company who would rent out there "Razors " having fun in the mountains. At the end of 2021 my spouse and I found a piece of property in Beaver Lakes Estates and purchased it having in mind that this would be the location where we would build our dream home. In 2018 I was elected to sit on an Ethics Committee for the city of Aurora at which I still hold a seat on this committee until 2026. My spouse and I in 2022 decided to sell our house in Aurora Colorado and to move to Leadville Colorado. I also put in a request to transfer from one federal agency to another at which I do now work for the national forest service. My spouse and I are blessed to be part of the "BLE" community. We look forward to making may friends to all in our community and serving on the Board of Directors would be a great honor. My "motto" is to always to hear all concerns from all our neighbors and to represent them to the fullest.

Respectfully,
Steve Wamhoff-Gallegos

PS. Forgot to add my ethics committee seat I hold for the city of Aurora Colorado. LOL.
